

WOMEN ON TRACK

A new initiative representing women within motorsport in Scotland and encouraging more to get involved...

**WOMEN
ON TRACK**

Motorsport is unique in being one of the few sports where women and men can compete on an equal playing field.

Despite this, motorsport has traditionally been a male dominated sport. We're determined to change this...

New for 2019, the SMRC Women on Track initiative aims to represent the views of existing women within the Scottish Motor Racing Club and help to encourage many more women to get involved.

Women have equal place in the motorsport industry and the SMRC are committed to promoting their support of female inclusion.

WHAT OPPORTUNITIES ARE THERE FOR WOMEN WITHIN THE SMRC?

Getting involved in motor racing can of course be about getting behind the wheel and giving the boys a run for their money on track...

But there are many more ways for both men and women to get involved in the club.

Racing

"Over the years, loads of women have competed within the Scottish Motor Racing Championship. In fact, many have set fastest laps, won races and championships!"

"I'm looking forward to getting on the grid for the first time in the new Fiesta ST challenge. Working with the team at PCR Motorsport to prepare the Fiesta has been great for me to better understand the dynamics of the car and in turn will help me to be a faster driver."

JEN MARR - FIESTA ST CHALLENGE DRIVER

Marshalling

"I was made to feel welcome by the whole team and have made good friends with other marshals over the years - it is like having a second family!"

JACKIE SPENCER - SMRC MARSHAL

Presenting

"I enjoy presenting the SMRC coverage as I get to see the drivers raw emotions after a race and see how much it means to them! It also allows them the opportunity to promote and thank their sponsors, without whom they wouldn't be able to race".

FIONA WALLACE - PRESENTER AND EX-DRIVER

Coach

"Taking the first steps into motorsport can be daunting but we are here to help on and off the track. From showing drivers the ropes to fine tuning their lap times, coaching can be a very rewarding role"

CAROL BROWN - RACING COACH

Scrutineering

"I love scrutineering because it's really interesting to see what goes on 'behind the scenes'. I working closely beside the marshalls and competitors so have made great friends along the way. You end up really looking forward to the first few events of the season, as it means you get to catch up with everyone!"

KATRINA HAY - SMRC SCRUTINEER

Mechanic

"I love working in motorsport because it really is the pinnacle of automotive engineering. There's no better feeling than seeing the car on track and knowing how I've contributed."

ISLA MACKENZIE - WILLIAMS F1 TEAM

Scottish Motor
Racing Club

HOW DO I GET INVOLVED?

EMILY GLANVILL

Begin your racing journey today

Contact our Women on Track representative, **Emily Glanvill** to find out how you can get your motor racing journey started with the Scottish Motor Racing Club:
